BETTERVESSEL  
BETTERWORLD™

## BETTERVESSEL

At EcoVessel, we're inspired by a relentless thirst for innovation and a respect for the planet. Based in Boulder, Colorado, we have designed a line of premium reusable products that push the boundaries of what's possible in an insulated bottle. Better insulation, better features, **better vessel**. Join the movement!

## Game Changers:

- We have value-added features built into our products including soft-landing **silicone bases**, **strainers for tea, fruit and ice**, and multiple leak-proof **interchangeable lids**.
- Our signature **TriMax® Triple Insulation** hydration vessels have been independently tested to outperform our competitors. The superior conductive property of copper evenly maintains the temperature throughout the bottle, enhancing the insulation.
- Our **Reflecta™ Insulated Lids** are designed so liquids don't touch plastic and they use the insulating properties of stainless steel to provide maximum hot and cold retention.
- Our products come with a **100 year warranty** ensuring long-lasting quality that lasts a lifetime.

**TriMax®**

## BETTERWORLD

EcoVessel is committed to sustainability and is a proud member of 1% for the Planet. We donate a minimum of 1% of our sales to various environmental nonprofits. EcoVessel continues to support our long term partner, Water For People, that brings safe water and sanitation to millions of people in the developing world. We are excited to further our commitment to the planet by removing plastic from almost all of our packaging for 2022.

1% for the Planet represents a global network of businesses, individuals and nonprofit organizations tackling our planet's most pressing environmental issues.

## Sustainability Partners:

EcoVessel partners with Water For People, a long-established non-profit, to provide permanent solutions to water, sanitation, and hygiene problems in developing countries. EcoVessel supports Water For People through donations, sponsorships, volunteering, and fundraising promotions.

## ELKAY®

As part of our mission to reduce single-use plastics, we have partnered with Elkay to create a social enterprise program that aims to actively reduce single-use plastic water bottles in schools. Together, we are bringing refill stations and reusable bottles to students, while building awareness about the plastic pollution issue harming our environment.

## Additional Partners:

Color MOQ	6 units/bottle color

## Terms and Conditions

Pre-payment is required on all co-branded orders.

Lead time for co-branded orders is 3-4 weeks after payment. Shipping can take up to 7 business days.

Logo artwork must be provided in a vector format (.ai, .eps, .pdf, .svg) we cannot accept .jpg, .png, or any other non-vector artwork.

Two digital mock ups are included with setup fee, additional mock ups will be billed at \$65/hour.

All claims for damages must be made within 14 days of receipt of goods, supported with photographic evidence.

## Press

We work with an award winning PR agency on garnering mainstream media hits as well as securing television segments in top media markets throughout the country. Over the last year we have been featured on Good Morning America multiple times as well as on various local news outlets.

### As Seen On:

### Mentions:

"The **stainless steel utensil set** includes everything needed for a great outdoor dinner party, from a fork, spoon, knife, to chopsticks, straw with a silicone tip, and straw cleaning brush. Aside from being kinder to the environment, it's just easier!"

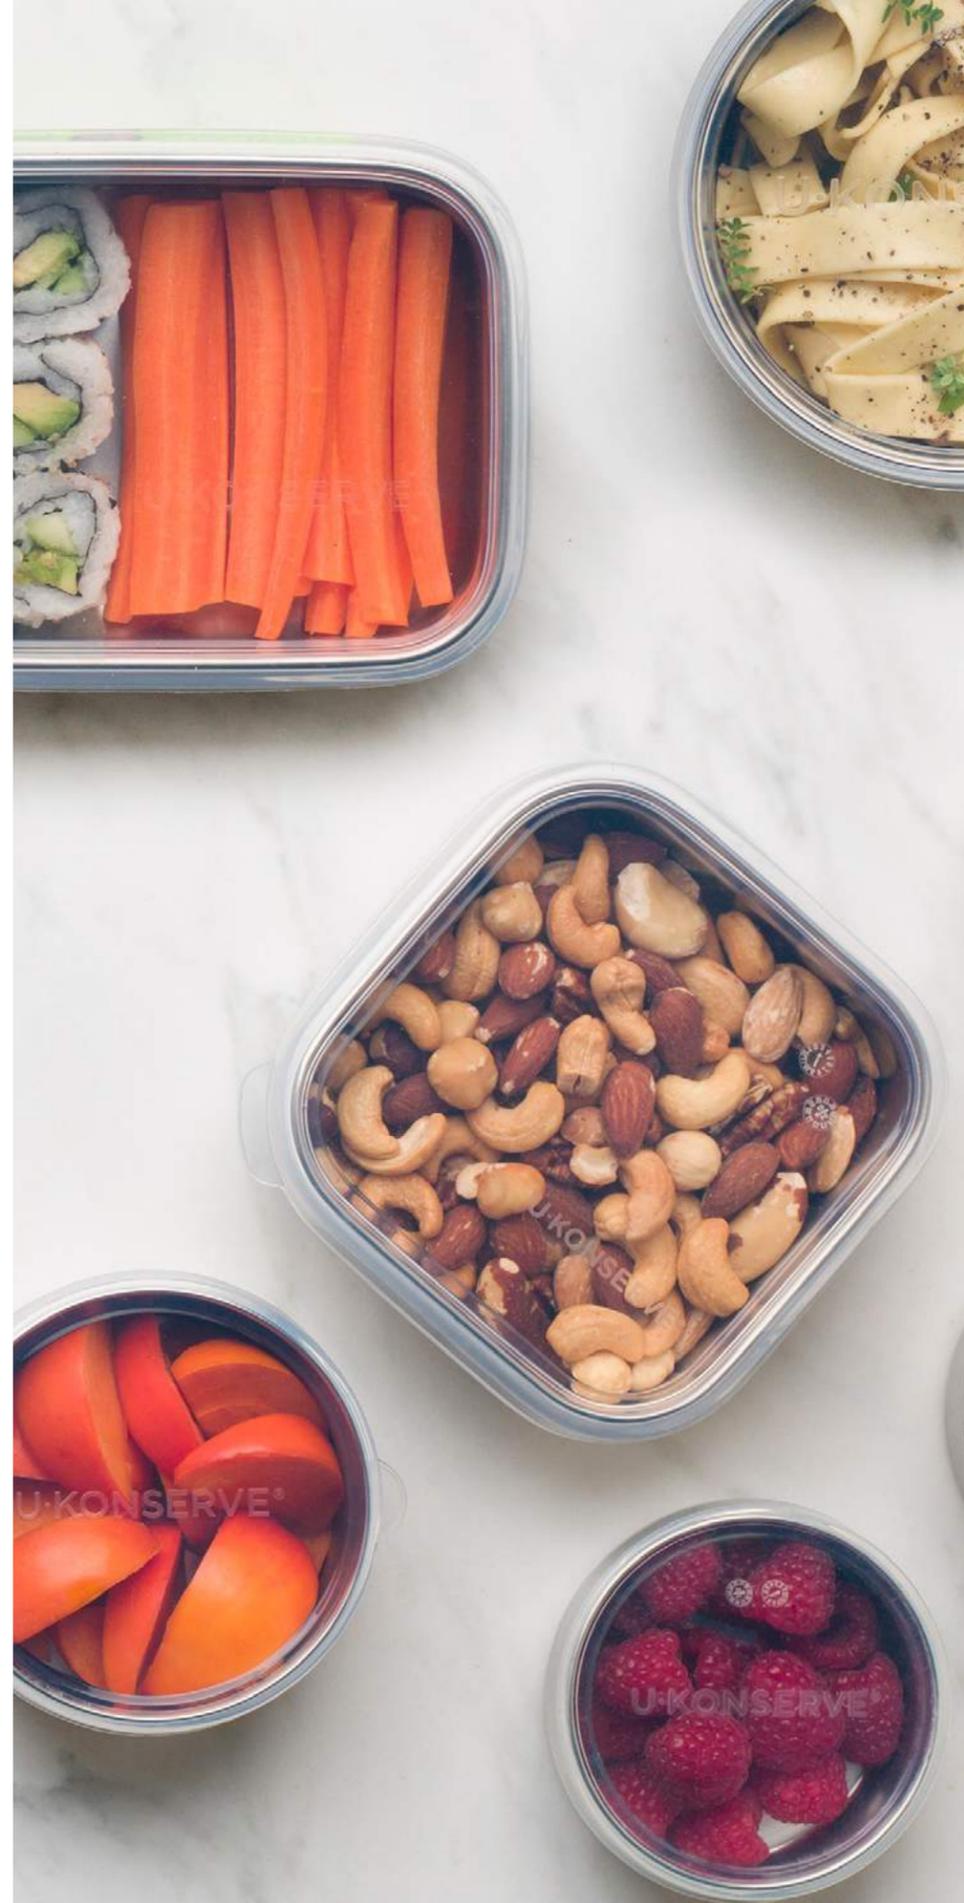

"This **triple-insulated number** from EcoVessel is made of stainless steel, but more importantly, fits in a standard cup holder, so you're not holding it between your legs while you drive. It's got a silicone bumper, so if you beat the hell out of your bottles like I do your bottle won't look like it went to war. And it's even got a strainer on top if you want to add some fruit to give your water some flavor (and electrolytes)."

Follow us on our journey!

## U-KONSERVE®

by ECOVESSEL®

In 2020, EcoVessel merged with U-Konserve, a reusable food storage brand based out of Sausalito, California! U-Konserve is the pioneer provider for waste-free food storage and offers silicone-topped stainless steel containers, insulated food jars, and waste-free accessories to help reduce single-use plastic associated with lunches, takeout, travel, outdoor adventures, bulk shopping, and family leftovers.

## Better Together

In addition to creating amazing products, U-Konserve is a certified B-Corporation, 1% for the Planet member, and donates 5% of website sales to nonprofits. As a mission-driven company, U-Konserve is committed to reducing waste, inspiring stewardship and operating a healthy business with integrity and responsibility.

We are excited to combine U-Konserve's food storage expertise with our reusable drinkware line to continue bringing you innovative reusable products to reduce single-use plastics. Better Vessel, Better World, Better Together.

Contact your Sales Rep for a full U-Konserve Catalog!
