

# PerformanceGrip® Pro Golf Glove

Designed for competitive golfers, our PerformanceGrip® Pro golf gloves lead the industry in flexibility, comfort and moisture control. This glove was designed alongside a hand specialist and is constructed with high-quality, breathable leather. The inside is lined with a network of 10 terrycloth micro-pads to absorb perspiration, while our patented multi-dimensional wraparound pad technology helps protect the integrity of your grip and swing.

## MEN'S

### COMFORT, FIT & FLEXIBILITY

- ◆ **Natural Fit and Feel** - Tapered finger design conforms to the individual finger shape.
- ◆ **Better Fit and Improved Performance** - Dual Expansion Zones on the thumb, the most variable digit between hands, adjusts to the thumb's length and width. Lycra gussets, alongside web and motion zones, minimize bunching of leather to provide a better range of movement, fit and feel.
- ◆ **Ease of Movement** - Patented pre-rotated finger design complements the natural anatomy of the hand.
- ◆ **Simple & Quick Removal** - Easy grab-tab allows for easy getting on and off.

### MOISTURE CONTROL

- ◆ **Keep Your Hands Drier** - Terrycloth micro-pads inside the glove help wick away moisture. Special treatment helps prevent moisture buildup and enhances tackiness.
- ◆ **Maximum Breathability** - Strategically placed Lycra web and motion zones increase air flow for cooler, drier hands.

### LASTS LONGER, STAYS FRESHER

- ◆ **Increased Durability** - The patented pad system helps retain the new glove feel. \*Proven to last 2x longer than a traditional leather golf glove.
- ◆ **Keep Your Gloves Fresh** - Maintain a clean look as our gloves are safe for hand and machine washing (cold water, mild detergent, gentle cycle, no bleach, air dry).
- ◆ **Avoid Snagging** - Secure Velcro tab tightly when washing with other garments.

\*Results based on independent research conducted with golfers testing Bionic StableGrip vs. a standard leather golf glove of premium-grade quality.

## GLOVE FEATURES

### SUPERIOR GRIP & DURABILITY

- ◆ **Enjoy a More Secure Grip**- Multi-dimensional wraparound pad technology provides additional contact surface with the club.
- ◆ **Reduced Hand Fatigue** - Patented pre-rotated finger design follows the natural closing motion of the hand.
- ◆ **Increased Stability**- Leather index fingertip increases stability and durability.
- ◆ **Premium Cabretta Leather** - Specially treated to prevent excessive moisture buildup and enhance tackiness.

Glove features are patented and patent pending

# StableGrip® Golf Gloves

The NEW StableGrip® 2.0 Golf glove offers all your favorite features plus a NEW, innovative **Dual Expansion Zone**. The thumb is the most difficult digit to fit, this one-of-a-kind patented feature adjusts to any size thumb's length and width providing a best-in-class fit. The Bionic patented pad technology helps even out the surface of your hand, providing a better, lighter grip. Tapered, pre-rotated finger design conforms to the natural shape and contours of your hand, while terrycloth micro-pads absorb moisture, even on the hottest days. Lycra gussets and web zones eliminate uncomfortable bunching between the fingers, resulting in a more confident, accurate shot.

## WOMEN'S

### GLOVE FEATURES

#### COMFORT, FIT & FLEXIBILITY

- ◆ **Second-Skin Feel** - **New patented Dual Expansion Zones on the thumb adjust to length and width of the thumb for an optimal fit.** Web and motion zones help improve fit and dexterity. Natural Fit finger design molds to the natural shape of your fingers. Top grade Cabretta leather provides a supple second skin feel.
- ◆ **Enjoy Better Range of Motion** - **New index finger design** is more ergonomic and offers greater flexion, while also allowing leather interface for increased durability. Lycra gussets, alongside web and motion zones help enhance flexibility and dexterity.
- ◆ **Simple & Quick Removal** - Easy grab makes removal simple and quick.

#### MOISTURE CONTROL

- ◆ **Keep Your Hands Drier** - Terrycloth micro-pads inside the glove help wick away moisture.
- ◆ **Maximum Breathability** - Lycra web and motion zones increase air flow for cooler, drier hands.

#### STABLE GRIP & IMPROVED PERFORMANCE

- ◆ **Achieve a Lighter, Better Grip** - Strategically placed patented pad system helps even out the surface of your hand, allowing you to improve your grip with more control while applying less grip pressure.
- ◆ **Hit Straighter, More Accurate Shots** - The double row finger grip system helps you maintain surface contact throughout your shot. More control- More Accuracy
- ◆ **Reduced Hand Fatigue** - Patented pre-rotated finger design follows the natural closure of the hand.

#### LASTS LONGER, STAYS FRESHER

- ◆ **Keep Your Gloves Fresher** - Maintain a clean look as our gloves are safe for hand and machine washing (cold water, mild detergent, gentle cycle, no bleach, air dry).
- ◆ **Avoid Snagging** - Secure Velcro tab tightly when washing with other garments.
- ◆ **Enhanced Durability** - Lasts 2x longer than a traditional leather golf glove.

### GLOVE FEATURES

#### COMFORT, FIT & FLEXIBILITY

- ◆ **Second-Skin Feel - New Dual Expansion Zones** on the thumb, the most variable digit between hands, adjusts to the thumb's length and width. Web and motion zones allow for optimal fit and dexterity. Top grade Cabretta leather provides a supple second skin feel.
- ◆ **Enjoy Better Range of Motion** - Lycra gussets, along-side web and motion zones help enhance flexibility and dexterity. Flexion zones mimic the natural creases in the fingers, making it easier to close the hand and promote breathability.
- ◆ **Simple & Quick Removal** - Velcro tab provides an adjustable secure fit, yet improved expansion zones on the back of the hand allow for easy getting on and off.

#### LASTS LONGER, STAYS FRESHER

- ◆ **Keep Your Gloves Fresh** - Maintain a clean look as our gloves are safe for hand and machine washing (cold water, mild detergent, gentle cycle, no bleach, air dry).
- ◆ **Avoid Snagging** - Secure Velcro tab tightly when washing with other garments.
- ◆ **Increased Durability** - Proven to last 2x longer than a traditional leather golf glove.

#### STABLE GRIP & IMPROVED PERFORMANCE

- ◆ **Better Grip, Less Effort** - Multi-dimensional Triple-Row Finger Grip System™ increases surface contact with the club while providing an easier grip and more relief.
- ◆ **Hit Straighter, More Accurate Shots** - Strategically placed patented relief pad system helps even out the surface of your hand, allowing you to improve your grip with more control.
- ◆ **Reduced Hand Fatigue** - Pre-rotated finger design follows the natural closing motion of the hand.
- ◆ **Additional Support** - Ergonomic LitePrene™ closure comfortably helps support the wrist and base of the thumb.

#### MOISTURE CONTROL

- ◆ **Keep Your Hands Drier** - Terrycloth micro-pads inside the glove help wick away moisture.
- ◆ **Maximum Breathability** - Lycra web and motion zones increase air flow for cooler, drier hands.
